

Mainstreaming forests where they matter most

Annex 1

Summary overview tables

For this study, we have made for each International Agenda an overview of relevant international policy developments and Stakeholder Fora. The aim of the overview is to present the most relevant initiatives per category. It does not pretend to be fully complete, particularly for those Agendas where the number of initiatives is substantial and rapidly growing.

The overview is based on data collection from the period **March to July 2018**.

This Annex provides summary tables of:

1. Policy initiatives
2. Stakeholder fora and initiatives
3. Engagement of Dutch organizations in stakeholder fora and initiatives

Readership

This study has three different parts:

- **Main report:** provides a summary and the key findings of the relevant international policy developments and Stakeholder Fora, facilitating discussion of the main trends, gaps and opportunities for political leverage;
- **Annex 1** provides the summary tables of the (i) international policy developments, (ii) Stakeholder Fora and (iii) representation of Dutch organizations in the International Agendas;
- **Annex 2** describes the initiatives and Stakeholder Fora in Factsheets, developed for each international Agenda.

1. Overview of policy initiatives

* Geographic scope: **G** = Global, **R** = regional, **N** = National, ** Link with forestry: 0 = No to weak link, + = there is a link, ++ = Strong link, *** Relation with strategic Agendas: **V** = The policy initiative shows a link with this Strategic Agenda.

Name of the initiative	Type of development	Geographic scope*	Link with forestry**	Relation with other Strategic Agenda's***																
				Climate	Biodiversity	Soil	Water	Bioeconomy	Energy access	Bioenergy	Food security and consumption	Sustainable agriculture	Responsible infrastructure and mining	Health	Livelihood improvement	Innovation	Finance	Risk & disaster management	Markets and trade	Good governance and justice
Climate and natural resources in and around forests
